---

Highway 101, the main north/south coastal highway through Washington to Oregon and California passes through Raymond and borders all three of the Port's industrial parks.

Aberdeen/Hoquiam is 25 minutes North, and Astoria is about an hour South. Interstate 5, the main north/south freeway connecting Seattle and Portland is a 1 hour drive to the East. Regional trucking companies schedule regular routes through Raymond, and overnight UPS ground shipment is available from either Seattle or Portland.
